

Mounted Skills D-2 Traditional (Eventing)

RIDING EXPECTATIONS: Candidate should ride in an enclosed area, demonstrating control while maintaining a safe basic balanced position at the walk and trot. The candidate should begin to develop the canter and jumping position. No need canter over fences

The D-2 check-list is a valuable tool to evaluate a member's readiness to test. It is recommended that this check-list be used to evaluate a candidate no earlier than 90 days prior to the certification. The evaluator should sign the "Signature" block when a candidate satisfactorily performs the necessary skills while demonstrating both horse management and riding expectations for the standard without instruction/coaching. If the member is not able to demonstrate the standard, the evaluator should provide detailed comments on what improvements the candidate needs to make in order to demonstrate the standard. An evaluator must be able to give an impartial evaluation of the candidate's proficiency at the standard. The "D-1 through C-2 Examiner's Handbook" and the last page of the "Standards of Proficiency" outlines the qualities of an examiner that is appropriate to use.
